

Sugimoto Iqura

When talking about quizzes, I first think about those recreational games on variety shows. This manga is about serious "competitive quizzes". I've always failed at trying to keenly capture the tension and depth of these quizzes so that they seem competitive. I aim to make a practical manga about quizzes from scratch together with the protagonist, Shiki Koshiyama!

Story about "competitive quiz clubs"!!
Right after he enters high school, tenth grader Shiki Koshiyama is invited into the "Quiz Study Group" by a strange upperclassman. Shiki, an introverted bookworm, is then dragged by his classmate Mari into the world of buzz-in quizzes, in which players win with margins less than a tenth of a second---

Why do you answer?

Because there's a quiz!
